EMILY BLUNT

We regard English rose Emily Blunt as a chameleon not just in terms of her award-winning acting range, but in terms of her style too. We've spent years fawning over the actress and her impeccable style choices on and off the red carpet. From pulling off casual cool as she goes about her day, to the smart, chic, aesthetic that is the unspoken goal for talk shows and press events, to all-out glam at

the biggest awards ceremonies of the year – Emily Blunt has never let us down with her sartorial choices. It's no secret that Emily Blunt is a stylist and designer's dream to work with, as she has the look, figure and confidence to pull virtually anything off. Not to mention her Hollywood A-lister status!

Her quintessentially British sass gives her quite the edge over

some of her fellow actresses, yet her quirk that is noticeable on the red carpet and in interviews sets her apart from other actresses who have also been given the coveted English rose title. She's an all-rounder! No wonder Emily Blunt is playing the role of Mary Poppins – the character who is quoted as describing herself as “practically perfect in every way”. The character was written by P.L. Travers, but the TV role was of course made famous by the one and only Julie Andrews. From the spintingling trailers we have seen

so far, we know that Emily Blunt will fill her shoes marvellously, while also making the role her own. The film is slated for release at the end of the year, which means we have a lot to look forward to over the next few months as far as Emily Blunt's red carpet outings are concerned. VERSACE WATCHES

Fall Winter 2023 Collection

GRECA GODDESS A contemporary-style jewelry watch with studs that give a 3D look to the top ring and innovative Greca motif bracelet.

For Fall-Winter 2023, Versace launches a collection of contemporary-style jewelry watches: Greca Goddess. The watch takes inspiration from Versace's luxurious Greca Goddess bag and the style's immediately recognizable Greca symbol, with the motif reprised in the bracelet, with spheres filling the open spaces in the pattern.

This sophisticated gold finish bracelet offers a solid-and-void interpretation of the iconic Greca motif and is further embellished by studs that add to the 3D effect. As on the bracelet, studs bring three-dimensional movement to the top ring and return as three indexes on the dial. The 12h index, on the other hand, is pointed up by a 3D Medusa above the Versace logo. The new Greca Goddess ladies timepieces are on sale from October in Versace stores, at authorized retailers and on [versace.com](https://www.versace.com).

Glimpses of a distant past are brought into the mesmerizing present in ELIE SAAB HAUTE COUTURE AUTUMN WINTER 2023-24. With regal imaginary, ELIE SAAB reinterprets contours of long ago through a contemporary lens of magnificence and poise. Cinematic muses in medieval period pieces—Cate Blanchet in Elizabeth, Sophie Marceau in Braveheart, Kiera Knightly in The Duchess, Marion Cotillard in Macbeth, Charlize Theron in Snow White and the Huntsman, Isabelle Adjani in La Reine Margot, and Angelina Jolie in Maleficent—give breath to an alluring retelling of legends and tales in A GLAMOUR OF YORE, a collection that traverses a spectrum of opulence and grandeur. Elusive and sensitive, delicate even, our heroines are of a serene wisdom and quiet fortitude, their generous spirits revealed through structured silhouettes of gracious composure. Striking complexities emerge in dazzling jeweled moments of ruby, amethyst and emerald, while draping velvets still veil rich depths.

Tudor sequined roses and flower branches wildly vine up necks and out of caped shoulders in blooming armories of romantic strength. Dignified gold and glistening crystal beads dance with braids and tresses into corsets that sensually train behind in mousseline sands of time. Intricate textures are lavishly woven into refined volumes of majestic demure, where each silken thread is a moving ode to elusive beauty.

Dramatic capes of crystalized crepe and velvet dentelle add an impressive layer, wrapping matching gowns in enchanting mystery. Pearl drops and gilded bees buzz through untamed fields of embroidered foliage and into suited gothic statements of versatile strength. Wispy

blush feathers swish and sway with glittering sequins in playful fantasies of near transparency. In a final, everlasting vision, the captivating bride leaves behind a plush embroidered trail of glistening magnetism. The ELIE SAAB HAUTE COUTURE FALL-WINTER 23/24 amalgamates many pasts and the present into imaginative interpretations on the virtues of beauty. More than inspired moments of glamour, the collection venerates the infinite power of femininity in its inimitable expressions.

Captivating patterns and evocative cutouts blend in perfect harmony to embody a modern aesthetic. Pleated, gathered and draped elements are skillfully orchestrated, celebrating the contours of the form, highlighted, suggestive and revealed.

Navy & Gold

There are few things more beautiful than vibrant red poinsettias. Still, these navy ones might just give them a run for their money.

Colorful Florals

For a set up that looks straight out of nature, adorn your tree with faux or fresh florals. Make it fun with a rainbow array, or keep it simple by sticking with two or three shades.

Moon and Stars

This tree celebrates the heavens with cookie decorations, baked with ready-made dough bought at your local grocery store. Plaid ribbon doubles as garland and packages are wrapped to match. Buy ready-made dough—it's sturdier than homemade. Knead in 2/3 cup flour until smooth to increase dough's density, making it suitable for ornaments. Roll dough. Cut shapes. Make holes for hanging. Chill and bake per manufacturer's instructions. Decorate to suit your style!
